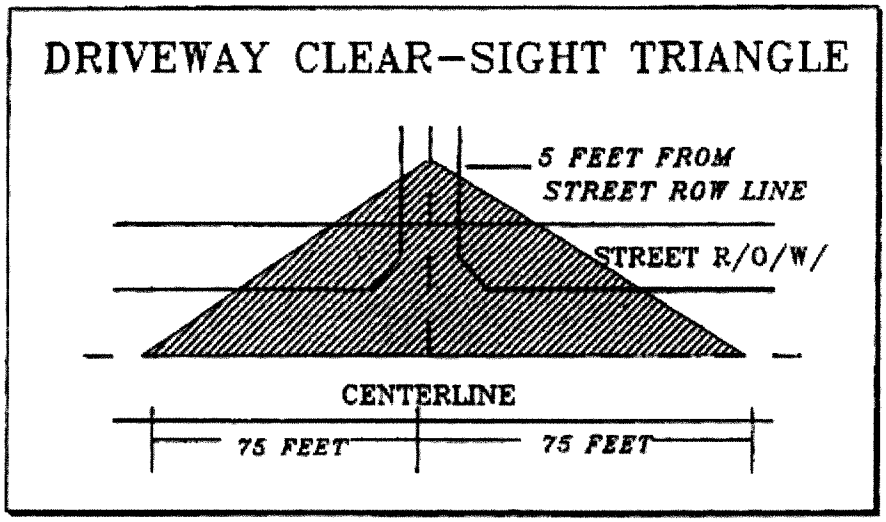
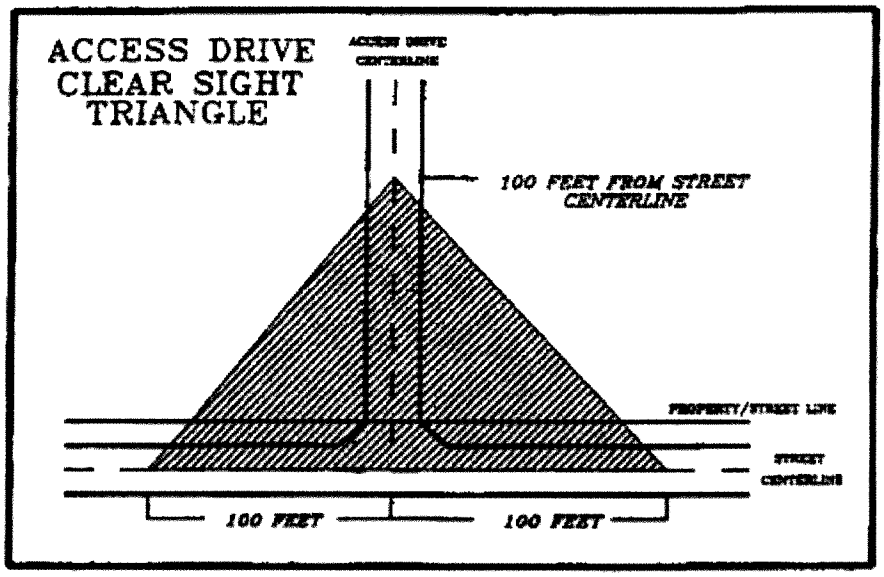
§ 215-36 Single Family Dwelling Driveway Requirements.

Clear sight triangle. Driveways shall be located so that a clear sight triangle as depicted below is provided. Two apexes of the triangle shall be located in both directions along the street center line, 75 feet from a point where the center line of a driveway and street intersect. The vertex of the triangle shall be located along the center line of the driveway, on the site and five feet from the property/street right-of-way line. No permanent obstructions and/or plant materials over 30 inches in height shall be placed within the clear sight triangle.



§ 215-37 Non-Single Family Dwelling Access Drive Requirements.


Clear sight triangle. Access drives shall be located and constructed so that a clear sight triangle as depicted below is provided. The apexes of the triangle shall be located along all center lines, in all directions from the intersection of street and access drive. No permanent obstructions and/or plant materials over 30 inches in height shall be placed within the clear sight triangle.
